

## **DONATIONS POLICY**

### BACKGROUND

1. NSUPE receives numerous requests for financial assistance respecting a wide variety of causes or events. The purpose of this policy is to provide a framework that will provide some consistency in considering requests for donations.
2. It is acknowledged that NSUPE provides some financial assistance to various causes and events through its per capita dues paid to the Confederation of Canadian Unions.

### ALL DONATIONS

3. All donations should further one or more of the Objects and Aims of NSUPE as set out in Article 1, Section 3 of the NSUPE Constitution.
4. All donations will be considered by Executive Council in the context of the financial circumstances of NSUPE at the time the request is being made and keeping in mind that all donations are being made from dues collected from members.
5. Executive Council will apply the following guidelines taking into account the specific circumstances giving rise to the request. Where extraordinary circumstances exist and provided the Union's finances permit, Executive Council has the discretion to provide donations greater than the maximums set out.
6. Donations will be on a first-come, first-serve basis. The total amount spent on donations will be reviewed by Executive Council each time a financial report is presented. Where donations have reached a total of \$20,000 for the fiscal year to date, Executive Council may decide to suspend any further donations until the commencement of the next fiscal year.
7. Where guidelines are not in place for a specific item, Executive Council will consider the request taking into account the spirit of this policy.
